PROJECT PROFILE

Completed 2025

Multi-system roof restoration

Athens, Texas

Manufacturing facility

320,000+ sq. ft.	20-year L&M warranty	Metal / TPO / modified bitumen

THE CHALLENGE

Multiple roof systems experienced aging, leaks and ponding water. The occupied manufacturing facility needed a durable solution with limited interruption to daily operations.

THE RAMTECH APPROACH

Investigate moisture conditions, complete core sampling and adhesion testing, reinforce seams and penetrations, and install a high-performance reflective restoration system.

THE RESULT

The completed project provides a restored roof without tear-off, a reflective finish and a 20-year manufacturer labor-and-material warranty.

Repair first. Restore second. Replace last.
