

Manufacturing roof restoration

Manufacturing facility | North Texas

Completed roof restoration

Modified bitumen

20-year manufacturer-backed

Facility restoration

THE CHALLENGE

The existing roof included equipment, pipes and penetrations requiring careful preparation before the restoration coating.

THE RAMTECH APPROACH

Prepare the surface and treat details around rooftop equipment and penetrations. The project film follows the work through coating application.

THE RESULT

Closing aerial footage documents the completed white roof surface. The completed project includes a watertight result and a 20-year manufacturer-backed warranty.

Repair first. Restore second. Replace last.
